

**AFT Connecticut**  
*A Union of Professionals*

presents to our **PREK-6** members...

**OCTOBER 16<sup>th</sup>**

WEDNESDAY

**5pm - 7pm**

**Soifer Room  
@ AFT CT**

Light dinner will be provided.

This workshop will introduce the Next Generation Science Standards with a focus on the science and engineering practices. The NGSS offers a 3 dimensional definition of what it means to learn and know science. We will "walk through" tasks appropriate for K-6 students to become familiar with performance expectations. Join us for an opportunity to align your science teaching by reasoning, analyzing and synthesizing evidence to construct explanations of core science and engineering ideas.

Presented by  
**Maura Graham-Vecellio**  
*Meriden Teachers 1478*
