

PATIENTS BEFORE PROFITS!

To the leadership of Hartford Healthcare:

We are concerned that you are putting profits ahead of patients in Eastern Connecticut. We believe it is **WRONG** for Hartford Healthcare to prioritize cutting vital services and direct patient caregivers at our community hospitals while allowing millions in bonuses and incentives to be handed out to your executives. Our community is standing together and we demand that Hartford Healthcare leadership put patients before profits!

PACIENTES ANTES DE GANANCIAS!

A la gerencia de Hartford Healthcare:

Nos preocupa que estén poniendo las ganancias antes que los pacientes en el este de Connecticut. Creemos que es **MALO** para la salud de Hartford el priorizar a cortar servicios vitales y cuidadores directos de pacientes en nuestros hospitales comunitarios mientras permitiendo que se paguen millones en primas y incentivos a sus ejecutivos. Nuestra comunidad está de pie juntos y exigimos que el liderazgo de Hartford Healthcare ponga a pacientes antes de ganancias!
