Saw what happened in Wisconsin with puppet politician Gov. Scott Walker stealing wages, pensions and healthcare benefits from **public sector workers**, along with the devastating impact it had on working families and communities?

Union-hating billionaire **Koch Brothers** have now set their sights on Connecticut's working families!

What will **OUR** plan be to protect **OUR** rights, **OUR** families, and **OUR** communities?

Come hear from actual Wisconsin Workers!
Lunch will be provided.
