n/a* = No data available for districts with fewer than 20 students tested at grade level.

n/a** = Town's students attend schools in other communities (other than regional school districts) or an independent academy.

a* = Percentages were not calculated for towns with fewer than five births.

* HUSKY B enrollees in this town less than 5 and therefore not released by state; total for this town is HUSKY A only.

[1] For towns in Regional School Districts (RSD), CT Mastery Test (CMT), CT Academic Performance Test (CAPT), and Preschool Attendance data reflect RSD rates. CMT and CAPT measures may be distorted due to the exclusion of students with disabilities from the standard tests. Under the No Child Left Behind Act of 2001, the primary metric is the proficient level in math and reading.
