

**Southeast Connecticut
COLLECTIVE**

RALLY

hosted by

AFT CT HEALTHCARE

**Heightening Awareness for
Safety, Protection & Respect**

It's time for working people to come together and demand Safety, Protection & Respect in the workplace. Healthcare workers are concerned without proper PPE it puts communities at risk.

AFT Healthcare workers are saying "Help us help you"

We join in unison requesting the Federal Government use the Defense Production Act to immediately start manufacturing sufficient PPE. The longer we go without proper Personal Protective Equipment the longer this pandemic continues, and the volume of deaths will continue to increase.

**Social distancing and safety
precautions will be a PRIORITY**

Join us May 30, 2020

43 Converse Place, New London, CT

Registration begins at 10:30 AM

Program 11:00am- 1:00pm
