

Be part of the movement to reclaim our community hospital.

“It is an honor and a privilege to care for you and the families in our community. Today **we ask that you stand with us** so that we can continue to serve you.”

—Joann Regan, RN
Critical Care Nurse, L&M Hospital

We Care for You and Your Family.

Lawrence & Memorial Corporation is shifting vital healthcare services out of our community hospital, and replacing our experienced healthcare workers with outsiders.

Join us in demanding that L & M keep high quality patient care in our community. Tell L & M to stop disrespecting the L&M caregivers who are fighting for quality care.

Stop by our informational picket on **Monday, Nov. 25**, between 6 a.m. – 6 p.m.

Lawrence & Memorial Hospital's main entrance at 365 Montauk Ave. in New London.
