

Train-the-Trainer VIRTUAL WORKSHOPS

This virtual training is part of our commitment to provide high-quality professional learning, membership engagement, and leadership opportunities for our Paraprofessional and School-Related Personnel members. PSRP members from across the state are invited to come learn the skills needed to bring their professional learning back to their locals and districts to help train their co-workers on new curriculums.

Teams of participants from Locals are encouraged (but not necessary) so you can team-teach the training in your districts. Participants must attend both days to become a trainer.

WE WILL BE OFFERING 2 WORKSHOPS TO CHOOSE FROM:
Workshops run concurrently, so participants can only register for one:

JUNE 28TH & 29TH

via Zoom from 9am-12pm each day

Effective Communication Train-the-Trainer

Have you ever had a difficult conversation with a colleague? In this course we will explore methods of approaching difficult conversation with ease and skill through verbal, non-verbal, and written communications. At the end of this session you will have the tools you need for open and dynamic communication with your colleagues.

JUNE 29TH & 30TH

via Zoom from 9am-12pm each day

Managing Student Behavior Train-the-Trainer

Trainers will learn how to deliver an interactive training on managing student behavior. The training will focus on developing a common understanding of what behavior is and why students exhibit certain behaviors; we'll also examine ways we can influence student behavior. We will discuss school wide behavior intervention systems, as well as individual tools and techniques that can be employed to encourage positive behaviors and extinguish negative ones.
