STATE CAPITAL

LEGISLATIVE OFFICE BUILDING
300 CAPITOL AVE, HARTFORD
ROOM #1D

Union members are invited to participate in this coordinated Lobby Day to meet with lawmakers considering HB 5164 that will allow striking workers to access unemployment insurance after two weeks on strike. This is an opportunity to share stories of how Connecticut workers have to navigate an unlevel playing field with their employers throughout the state. Make your voices heard!

Training will be provided. The Connecticut AFL-CIO legislative advocates will be available to help identify elected representatives and provide lobbying assistance. Members are encouraged to bring at least one coworker to help pass the proposed legislation.
