

# KHANMIGO

by  **Khan Academy**

Webinar

Join us for an exclusive webinar with the facilitators of Khanmigo as they demonstrate their suite of free, user-friendly AI tools designed to save teachers and paraeducators valuable time and energy. Discover how Khanmigo can easily assist with features like writing IEP goals, crafting engaging newsletters to boost family involvement, and much more. Whether you're new to AI or a seasoned user, this session will showcase just how simple and intuitive AI can be to integrate into your teaching routine.

Khanmigo's tools are designed specifically with educators in mind, making it easier than ever to support students' success and engage with families. Don't miss this opportunity to see how AI can become a powerful ally in your teaching journey—register now to unlock a world of possibilities!
