

WE'RE TAKING TO THE STREETS,
MARCHING WITH A CLEAR MESSAGE:

**April 5th
at 12 PM**

**Mill River Park
1092 Washington Blvd
Stamford, CT**

We are marching to protect what matters most –our public education, our jobs, our health care, and our democracy. The wealthy elite are looting our country, but we will not let them take control of our schools. We're marching to demand an end to the chaos, an end to the destruction, and to build an opposition movement that puts people first, not corporate greed. Join us as we march for our schools, our services, and our future!
