Active Violence Emergency Response Training

Go Beyond Active Shooter Response Training

While other programs focus solely on active shooter or stop the bleed, AVERT goes beyond by combining both of these important topics in one training program.

What You'll Learn with AVERT

Live scenario exercises and hands-on practice instills confidence in your team and gives them tools for how to respond. With AVERT you'll learn:

Warning Signs

Defend and Attack

Equipping Your Space

Situational Awareness

Escape and Evade

Emergency Bleeding Control

**IS YOUR
ORGANIZATION
TRAINED TO
REACT
IN A LIFE-
THREATENING
SITUATION?**

When active violence occurs, seconds count, and you can't always wait for EMS to arrive. AVERT enables you and your team to become immediate responders.

Due to the popularity of this course, and the limited spaces available, we ask that you scan here to be placed on a waitlist. The first 24 registrants will be contacted shortly via email from Anna Mowrey (amowrey@aftct.org) to confirm their spot. If we have any cancellations between now and the course dates, we will contact the next person on the waitlist.
