The Greater New Haven Labor History Association is pleased to present a unique look back at the New Haven Teachers Strike of 1975. 50 years later, those involved in the strike will reflect on it during the Annual Meeting of the Greater New Haven Labor History Association.

This special event will include a compelling panel discussion featuring some of the teachers who were jailed for refusing to return to work until a new contract was secured. Please note that seating is limited, and the event is free to attend. Parking will be available behind the building. We look forward to your participation in this significant historical reflection.
