Active Violence Immediate Response Training

Go Beyond Active Shooter Response Training

While other programs focus solely on active shooter or stop the bleed, AVIRT goes beyond by combining both of these important topics in one training program.

What You'll Learn with AVIRT

Live scenario exercises and hands-on practice instills confidence in your team and gives them the tools for how to respond. With AVIRT you'll learn:

-  Warning Signs
-  Active Shooter Response Procedures
-  Escape, Evade and Attack Techniques
-  Situational Awareness
-  How to Become an Immediate Responder
-  Emergency Bleeding Control

IS YOUR ORGANIZATION TRAINED TO REACT IN A LIFE-THREATENING SITUATION?

When active violence occurs, seconds count, and you can't always wait for EMS to arrive. AVIRT enables you and your team to become immediate responders.

Due to the popularity of this course, and the limited spaces available, we ask that you scan here to be placed on a waitlist. The first 24 registrants will be contacted shortly via email from Anna Mowrey (amowrey@aftct.org) to confirm their spot. If we have any cancellations between now and the course dates, we will contact the next person on the waitlist.
